- Document the input and the output of the following things:
    - Background Reading/s
    - Interview/s
    - Questionnaire/s
    - Observation/s
- Output of the fact finding techniques will include documenting any relevant analysis that you do in appropriate form.
- Create Fact Finding Chart
- List Requirements, User Categories, Privileges, Assumptions, Business Constraints
- Submit SRS version 0

Submission:

Create Sub folders with following names:

1. Problem Description
2. SRS

Submit the Description and SRS (appropriate versions) to these subfolders.

SRS Files are: **SRS_ groupNo_Version Number.pdf**
Problem Description Files are: **Description_groupNo_Version Number.pdf**

Keep all the versions of the documents in the submission folder. Don't overwrite any document. You may create a new version to accommodate changes if any.
